The evaluation program also provides a tool for administrators who are responsible for making decisions about promotion, retention, dismissal, and discipline.

Evaluation of all staff will be conducted in accordance with established Board policy 5222 and applicable district evaluation procedures, negotiated agreements, and Montana Code Annotated.

GIFTS AND SOLICITATIONS

Staff members may, within the limitations imposed by state and federal laws and regulations, choose any side of a particular issue and support their viewpoints as they desire, by vote, discussion, or persuading others. Such discussion and persuasion, however, may not be carried on during the performance of district duties.

On all controversial issues, staff members are expected to make clear that the viewpoints they represent are personal and are not to be interpreted as the district’s official viewpoint.

PERSONNEL RECORDS (POLICIES 5231, 5231P)

An official personnel file is established for each person employed by the district. A staff member's personnel file may contain such information as applications for employment, references, records relative to compensation, payroll deductions, evaluations, complaints, and written disciplinary actions.

All records containing medical-condition information, such as workers' compensation reports and release/permission to return to work forms, will be kept confidential, in a separate file from personnel records.

All personnel records are considered confidential and not open to public inspection. Access to personnel files is limited to use and inspection only by the following or as otherwise required by law:

- The individual employee. An employee or designee may arrange with the Superintendent's office to inspect the contents of his/her personnel file on any day the Superintendent's office is open for business;
- Others designated in writing by the employee;
- The comptroller or auditor, when such inspection is pertinent to carrying out their respective duties, or as otherwise specifically authorized by the Board. Information so obtained will be kept confidential. No files will be removed from their central location for personal inspection;

ETHICS

To maintain prestige as a professional group and to further harmony and cooperation in our school system, it is advisable to keep school problems within the school. Suggestions concerning improvement of procedures are always welcome.

PAYDAY SCHEDULES

All personnel employed regularly, either full- or part-time, shall be paid according to a specific schedule determined annually. Teachers may elect at the signing of a contract to receive extra duty pay earned: the same equal payment periods as the regular salary, at the completion of the activity, or in two installments for full-year activities. The monthly payroll will be distributed on the second Tuesday of each month by the administration.

TEACHING CERTIFICATES

It is imperative that each teacher keeps an updated teaching certificate (copy) on file in the business manager's office. This certificate must be registered with the County Superintendent of Schools.

PIR DAYS (POLICIES 2100 AND 5211)

PIR days must be used solely for the enhancement of student education outside the realm of an increase in university credit hours, which can in turn be used for advancement on the pay scale. Since the Sheridan District pays the certified teacher for 7 PIR days during the year, the teacher is required to work on District projects on those days. Although teachers working on class work from University or other coursework projects does significantly enhance student education, the problem arises when the certified teacher uses these credits to move over on the pay scale and in addition receives a District salary for this work. A certified faculty member may not “double dip,” in other words receive pay from the District while working on personal credits which will also move them over on the pay scale. **In order to implement curriculum with integrity, it is paramount that staff members attend the PIR days enabling the team approach to the implementation of any curriculum.**

LEAVE REQUESTS

Please see that leave requests are made as far in advance as is possible on the District **Ready Sub** program. **Leave requests may not be granted during the last two weeks of the school year due to end of the year processes including preparing for exams and portfolio presentations.** Student behaviors may escalate during these last two weeks and having consistent discipline is so vital to our District success. In addition, leave prior to or immediately following holidays will be granted on a first come, first served, basis depending on the availability of substitutes.

FIELDTRIPS (POLICIES 2320-2320P)

The Board endorses the use of field trips, when educational objectives achieved by the trip outweigh any lost in-class learning opportunities. Policy 2320P outlines the procedures to be followed.

Field trips that will take students out of state must be approved in advance by the Board. The Board will consider out-of-state field trip requests at 2 board meetings per year. It is the teacher/advisor's responsibility to request their trips be put on the board agenda those times will be in October and April of each school year. Building principals may approve all other field trips.

ATTENDANCE AT EXTRA-CURRICULAR ACTIVITIES

Please make every effort to attend extracurricular activities. Students understand that you care about them when you take time to see them in situations other than your classroom.

TEACHER'S WORK DAY

Teachers will be at work by **7:45 a.m.** Please remain in your room until **4:00 pm** to assist students with projects and other work. If professional responsibilities are needed, teachers may be asked to stay later. The

principal has authority to permit exceptions. Each teacher will have one preparation and planning period per day. On days preceding holidays or weekend recesses the teacher's day shall end at the close of the student school day. However, teachers are asked to remain on duty until after the buses have departed.

COPY MACHINE

Teachers may use the copy machine during their prep, before and after school, at lunch. A teacher will not leave their class to make copies. Students are not allowed to use the copy machine. Do not send more than one person to the office for copies.

DISMISSAL OF CLASSES OR LEAVING CLASSROOM

Classes are not to be dismissed before the bell without permission. Do not leave your class at any time unless it is an emergency. Notify the office if you must leave your classroom for an emergency. We will then have someone take care of your class. Do not leave your room unlocked if you are not there. You are liable for any students unattended in your room.

TEACHERS' / STAFF MEETINGS

Staff meetings will be a minimum of one per month. Activities or problems that affect school operations should be brought up at this time.

TEACHERS' ABSENCES (POLICY 5321)

If you are unable to come to work due to illness, please use the **Ready Sub program** as soon as possible so that proper arrangements may be made to secure a substitute. It is also advisable to send an e-mail to your building principal.

TEACHERS CLASS ADVISORY DUTIES

In the 7-12th grade, two staff members are assigned to each grade level advisory. They are responsible for completing, with their class group, any fundraising activities necessary to put on the Junior Prom and any graduation costs (chair rental, breakfast, flowers, speakers) and any senior trip. Any money raised will remain in their student body account to be used at their class's discretion.

STUDENT MANAGEMENT POLICY

CLASSROOM MANAGEMENT EXPECTATIONS

As a staff member you are expected to maintain an orderly classroom. In that regard, have clear expectations outlined and posted that are consistent with other staff members at Sheridan School. When students are outside of regular behavioral expectations in your classroom don't hesitate to send them immediately to the office for further discipline. (Remember routine behavior disruptions should be taken care of at the classroom level)

HONOR ROLL

The honor roll is prepared at the end of each grading period on the basis of A = 4, B = 3, C = 2, D = 1. The names of the students earning a grade point average (GPA) of 3.00 or higher will be included along with the GPA earned for that grading period.

FAILING STUDENTS

In order for a student to receive an "F" on their final transcript or report card, it will be necessary to take the following steps: **When the student's work is unsatisfactory the student's teacher must notify their parent or guardian. The teacher is required to hold a parent-student conference. A student may not receive an "F" if the parent was not given timely notice. Teachers are required to send home weekly progress reports on Wednesday of each week for failing students.**

COMPUTER LAB USE

Students will not be permitted in the computer lab without a pass. Do not send students to the computer lab that has a class in session or to the computer lab that does not have a monitor available. Please clean and lock the computer lab door and close the windows as your class is leaving. **DO NOT LEAVE IT UNLOCKED!**

GUIDANCE SERVICE

A Counselor is available to students that need special assistance.

GYM USE

P.E. Teachers will lock their dressing room doors when leaving to go on the field or in the Gymnasium. The following is a suggested procedure for closing the Gym.

- Put away all equipment (weights, basketball, etc.).
- Turn showers off.
- Lock coach's office and door to dressing rooms.
- Check to see that all lights are off and the windows shut.
- Lock all doors leading to the inside of the basketball floor.

No one should be in the Gymnasium when the coach leaves, unless there is another teacher or coach supervising the group of students. Seeing that the Gym is adequately locked up with lights turned off, windows closed, etc., requires the cooperation of all concerned. The last faculty member to leave the Gym after a major student activity, such as basketball practice or basketball game, is responsible for the condition of the Gym. All District buildings should be left in this same condition. Your cooperation is a necessity to eliminate loss of equipment, injuries and other incidents.

LEAVING CAMPUS DURING SCHOOL HOURS

You are not to leave the school campus during the day except in an emergency situation or with the permission of the administrator. **DO NOT ASK OR GIVE STUDENTS PERMISSION TO LEAVE CAMPUS!**

SUBSTITUTE TEACHERS (POLICY 5314)

One important responsibility of every teacher is to prepare properly for a substitute teacher when it becomes necessary to be absent. No one is a better public relations person for the school than a substitute who has had a good experience in the classroom. The opposite is also true. Some suggestions from substitutes who have worked at the school are as follows:

- Be sure to have available a complete list of students, a grade book, a roll book, a seating chart, and various texts and materials.
- **Be sure your lesson plans are complete. Have ample material prepared. A substitute will generally cover material faster than a regular teacher will. Problems multiply when a substitute does not have enough for students to do.**
- Be sure that the substitutes are aware of any special rules and regulations that apply to classrooms.
- Be sure that the substitutes know of any other extra duties they are to assume and what is expected of them in performing these extra duties.
- Ask your substitutes for a written report on class progress and conduct.
- Stress the need for confidentiality in all student matters.

HOME RELATIONS

Courtesy and diplomacy in dealing with parents are important. An effort to understand their difficulties may be instrumental in bringing about cooperation on their part and bring about receptiveness for understanding problems we have at school.

MASTER CALENDAR OF EVENTS

The calendar of events is kept on a master calendar in the HS office. Requests for dates on the school calendar are to be made by faculty members or by student organizations with the approval of their sponsors. To reserve a date, contact the HS Principal who will check the master schedule and approve or disapprove the date. It is important that we follow this procedure to avoid conflicts. Athletic events scheduled by the conference or other activities not under the exclusive control of the school will take precedence over local functions. In this regard a rule of thumb is that scheduled activities will take precedence over non-scheduled activities. We hope this will minimize the number of choices our students will have to make. It is wise to make requests for calendar dates at least two week in advance. **PALZ uses the elementary cafeteria and gym after school and on Fridays. Please schedule all non-athletic events though the elementary office so PALZ can have input.**

ANNOUNCEMENTS AND BULLETINS

Announcements for the intercom should be left in the office prior to the end of the school day. All but emergency announcements will be made at the beginning of period 1. Announcements can and will be made at any time during the school day. Therefore, it is important to keep your volume up on your telephone.

LETTERS TO PARENTS

The principal must know in advance of any requirements in your classes that deviate from your course outline and plans submitted at the first of the year. This includes letters sent home to parents. **Please have the administrative office in your building proofread and approve any correspondence before sending it home.**

PERMANENT RECORDS

The elementary staff is responsible for keeping the permanent records, which includes the student health record, current for their students. The secondary staff should furnish to the office pertinent data to be entered in the permanent record. Parents have access to these records.

KEYS

Keys are issued to staff by the building principal. In order to protect property, students, and staff and to ensure the building is adequately secured when no authorized personnel are present, all staff are expected to follow the following key-control procedures:

- The duplication of keys is prohibited;
- Keys are not to be left unattended. Avoid having keys on desks, tables, in mailboxes, unattended coat pockets, etc.
- Keys may not be loaned to students or to individuals not employed by the district. Under no circumstance should staff provide keys to students to “run errands”, “unlock/lock” doors, etc.
- Lost or stolen keys must be reported to the building principal within 24 hours of discovery of the loss or theft so that measures may be taken to protect district property. Three days will be allowed for the finding or recovery of keys before any charges are assessed.
- Upon completion of a lost-or-stolen-key report form, presentation of the broken or damaged key(s), and submission of assessed fees, replacement keys will be issued within 72 hours.
- Charges for lost or stolen keys will be made to the staff member to whom the key(s) have been issued.
- All keys are to be checked in at the end of the school year. Staff with summer duties necessitating building access may make arrangements with the building principal to keep their keys as appropriate.

RELEASE OF GENERAL STAFF INFORMATION

A staff member’s address and personal phone number will not be released by the district. Such information may be disclosed if a staff member authorizes the district to do so.

The district may also disclose information about a former employee's job performance to a prospective employer, under the following conditions:

- Disclosure of information is upon the request of the prospective employer; or
- Disclosure of information is upon the request of the former staff member;
- The information is related to job performance;
- The disclosure is presumed to be in good faith.

The district will not disclose information that is knowingly false, deliberately misleading, rendered with malicious purpose, or is in violation of the staff member's civil rights.

RESIGNATIONS

The Board authorizes the Superintendent and/or other school administrator to accept on its behalf resignations from any District employee. The Superintendent shall provide written acceptance of the resignation, including the date of acceptance, to the employee, setting forth the effective date of the resignation.

Once the Superintendent has accepted the resignation, it may not be withdrawn by the employee. The resignation and its acceptance should be reported as information to the Board at the next regular or special meeting.

STAFF CONDUCT (POLICY 5223)

Employees are expected to maintain high standards of honesty, integrity and impartiality in the conduct of District business.

In accordance with state law, an employee should not dispense or utilize any information gained from employment with the District, accept gifts or benefits, or participate in business enterprises or employment which create a conflict of interest with the faithful and impartial discharge of the employee's district duties. A district employee may, prior to acting in a manner which may impinge on any fiduciary duty, disclose the nature of the private interest which creates a conflict. Care should be taken to avoid using, or avoid the appearance of using, official positions and confidential information for personal advantage or gain.

Further, employees should hold confidential all information deemed to be not for public consumption as determined by state law and Board policy. Employees shall also respect the confidentiality of people served in the course of the employee's duties and use information gained in a responsible manner. Discretion should be employed even within the school system's own network of communication.

TEXTBOOKS

All new books must be stamped as property of Sheridan Schools, numbered and dated. Example: 5-B-30-89, explanation: 5- number five of this set of books, B - second time this particular book has been ordered, 30 - thirty books were in this order, 89 - the year, 1989, the year this set of books was ordered. The book stamp is available in the office.

Textbooks will be issued by each teacher. Record accurately the name of the student, book number and condition of the book. Check books to see if numbers are original or erased before issuing the book to the student. Keep book numbers issued to the students in your grade book. Fines for misuse will be collected by the teacher and then turned into the office.

PURCHASING AUTHORITY

No purchases are to be made without prior permission of an administrator. Any purchases made on behalf of the district by any employee must be made on an official purchase order that is signed by the building principal or superintendent.

Purchases that are made for student activities must be accompanied by a purchase order. Sponsors need to attach an invoice to each purchase order for payment. Please have the vendor's name and address on the purchase order.

All purchases are to be made by District Employees or club sponsors. (Please do not have parents purchase any items on behalf of the District)

NEGLIGENCE

The law states that schools take responsibility for children enrolled during the school day. There is a four-pronged test when assessing a school's liability in regard to negligence. A court would try to determine in a case of alleged negligence:

- Did the school have a duty to be careful not to injure a student and/or protect the student from being injured?
- Did the school fail to use due care?
- Did the school's carelessness cause the injury? (or could school reasonably foresee problem?)
- Did student sustain provable damages?

It is not expected to anticipate every situation or prevent an unforeseen injury that happens without warning. However, our presence in the classroom, lunchroom, hallways, playground, and the locker room will help fulfill our responsibility to provide due care. Leaving a class or area of supervision unattended is an invitation for problems and is not acceptable.

ADMINISTERING MEDICINES TO STUDENTS (POLICY 3416)

Students who must take prescription and/or over-the-counter medication at school, on a temporary or regular basis, must provide a written request to administer medication, signed by the parent. All medications will be kept in locked storage in the office unless a student must carry medication on his/her person during the school day. Parents of students who must carry and self-administer medication must complete the Montana Authorization to Possess or Self-Administer Medication form and return it to the building office.

Teachers are expected to assist students in remembering when a medication is scheduled to be administered. If the student refuses to take medication, teachers are expected to notify the parent whenever possible. Attempts to contact parents must be documented as to date and time.

ASSEMBLIES AND PEP RALLIES

Assemblies are held during the year to provide added experience for students. Teachers will attend all assemblies and sit so they can monitor the students to eliminate any unnecessary noise and discourteous acts. Pep rallies are under the direction of the Student Council and Pep Club. These are by nature a noisier type of activity and students are permitted to let off steam within the realm of the property.

In general these will be held prior to home games and before end of the season tournaments and playoffs.

INVENTORIES

Teachers are required to update their complete inventory of texts, supplies and equipment at the end of each school year.

FOOD AND BEVERAGES

Food and beverages are not to be brought or consumed in any Elementary classroom with the exception of classroom parties or cultural experiences. The HS classroom rule regarding food, gum and beverages will be up to the individual teacher.

GRADE BOOK

Teachers are expected to keep an accurate and updated gradebook. (This should be done on a weekly basis.)

An electronic version of your grade book **MUST BE TURNED IN** at the end of the school year.

HOMEWORK POLICY

The following is a suggested range of minutes for homework per student, recognizing that some students may require more or less time to complete assignments. Homework is a necessary part of the educative process in that it teaches students to develop personal habits of self-directed work that will be beneficial in later life.

Homework should be complimentary to classroom instruction, and appropriate feedback should be provided as immediately as possible so that students may build on a foundation of correct concepts. Homework should never be assigned as a punitive measure in retaliation for some student offense.

Teachers should make it a practice to be aware of the amount of homework that is assigned by their colleagues so that students are not over-burdened by assignments that are to be completed outside of the classroom. Homework assignments that will require major amounts of a student's time should be assigned well in advance to allow the student to complete the assignment over a longer period of time than normal.

Grade/Core Subjects		Reading to Self/Parent
Kindergarten	5-10 minutes/day or 20-40 minutes/week	10 minutes/day
First Grade	15-20 minutes/day or 60-80 minutes/week	10 minutes/day
Second Grade	20-25 minutes/day or 80-100 minutes/week	10-15 minutes/day
Third/Fourth Grade	25-30 minutes/day or 100-120 minutes/week	15-20 minutes/day
Fifth Grade	35-40 minutes/day or 140-160 minutes/week	20 minutes/day
6-12th Grade	40-60 minutes/day or 160-240 minutes/week	20 minutes/day

Some days students are given time to work in class on these assignments. Therefore, the time fluctuates. Students may also have more homework, if they do not use their time wisely on their in class assignments.

MEDIA/TECH EQUIPMENT

A/V equipment is for use by all teachers. All equipment will be checked out and checked in through the school secretary. Please return equipment promptly so others may use it.

EMERGENCY PREPAREDNESS DRILLS (POLICY 8301)

We will average one drill per month. Please read your emergency preparedness manual and become familiar with it.

SUPERVISION TO / FROM HOME

Discipline in the halls, school grounds, lunchroom and any other place within the jurisdiction of the school is the responsibility of all teachers. (The Sheridan School District is responsible for students from the time they leave their home until they return after school.) If a student is misbehaving at a school function, in the restrooms, lunchroom, etc., teachers are expected to take action. If the misbehavior is serious or continues, please bring the student(s) to the high school office and fill out a discipline referral. Teachers will be assigned various supervisory duties. It is imperative that you cover your area when assigned.

SUPERVISION IN THE CLASSROOM

The teacher is responsible for the good conduct of all persons in their room. Keep the students orderly and working from the opening bell to the bell for dismissal. Guidance and discipline should extend beyond the

homeroom or classroom to include all students. Matters of discipline should be handled in most cases by the instructor. The office principal or another teacher should not be used as threats. **Never send a child out of your class without a destination and a pass.** If possible call the principal to let them know a student is being sent to the office and the reason for it. Teachers should feel responsible to correct student's actions whenever they are not in accord with school policy. If a disciplinary problem arises that you feel merits the attention of the principal, ask someone to supervise your class while you bring the matter to the attention of the principal. **DO NOT PUT YOURSELF IN A POSITION WHERE YOU FIND THAT YOU MUST USE PHYSICAL FORCE. (Walk away if you need to).**

SUPERVISION - EVENING USE OF THE BUILDING

There are several different organizations that use the building during the evening. In order to clarify and establish responsibility, teachers are asked to:

- Have administrative approval.
- Be in the building 15 minutes before the time your group is scheduled to meet.
- Permit only members of your group to enter the building. You are responsible for every student you allow to enter.
- Keep your group in your room or department. Lock the door after they are there and keep it locked.
- When your activity is finished, it is your duty to see that your group leaves the building. Supervise until your group has all gone. The teacher will be the last one to leave.
- Be sure that you lock every door you unlocked.
- Students often leave by other doors, be sure ALL entrance doors are locked.
- Have students out of the building by 9:00 p.m.
- On Wednesday nights, all activities must be completed by 6:30 p.m.

PARTIES

School parties and dances may be scheduled as frequently as the calendar and student interest permits. All functions outside the scope of the normal school day are to be scheduled through the building principal. The faculty member who sponsors the group shall make arrangements to take care of it. All school parties require one faculty chaperon when held after school hours or outside the school campus.

STUDENT HANDBOOK

All teachers will receive a copy of the Student Handbook/Calendar. Please take some time to become familiar with it. The policies in the handbook are ones you will be responsible to enforce directly or indirectly. Please take time on the first day of school to review with your classes.

LIST OF PUPILS' NAMES

Teachers should not distribute lists of their pupils' names to any outside person or agency. Request of such information should be directed to the office.

USE OF PRIVATE VEHICLES ON SCHOOL BUSINESS (POLICIES 5630, 8121)

To safeguard the district, employees, and students in matters of liability, particularly as this relates to any employees transporting a student or students, the following policy shall be observed:

- **Employees are not to transport students for school purposes without prior authorization by the superintendent or the principal.**
- For all special trips involving students, a travel form must be turned in two weeks in advance of the trip.
- Employees authorized to use their vehicles to transport students must provide the business manager with a photocopy of a valid driver's license and proof of insurance.
- The district shall assume no responsibility for liability in case of accident unless the employee has the authorization described above.

- No student shall be sent on school errands with his or her own automobile, an employee's automobile, or a district-owned automobile, unless cleared through the principal or superintendent.

CONFERENCES & PORTFOLIO PRESENTATIONS

Each school year we will have parent-teacher conferences scheduled. During conferences please observe the following guidelines:

- Maintain complete privacy.
- Try to keep conferences to a scheduled time frame. Other parents are likely to be waiting to speak to you. If the scheduled time is not enough, schedule a meeting at another time.
- If parents have a complaint, **listen to what they have to say**, ask questions if necessary, and then respond. Remember to follow up. If you become aware of a situation, which requires investigation, promise to report back to the parent when you have more information and **then do it!**
- **DO NOT** have televisions or radios on during the conferences, so the parent may have your undivided attention.

The student should address each of these areas in the presentation to their parents.

- Student's ability to do the required work.
- Samples of his/her work.
- Books and materials used.
- Student's special interests and abilities.
- How the student feels about himself/herself.
- Short and long term goals

FIRST AID (POLICY 3431)

The administration of any type of medication is not the function of employees of the Sheridan Schools.

In the event that any student sustains a minor injury, it will be handled by a staff member. All accidents will be immediately reported on an "accident report form" to the principal or superintendent.

In the event of a serious injury to a student, an administrator shall notify the family or guardian as soon as possible. The parent or guardian shall decide what physician shall treat their child; and whether to pick up the child at the school or meet the child at the Ruby Valley Hospital or Ruby Valley Medical Clinic. The school shall provide personnel and transportation to the designated facility. If the parent cannot be reached and if the accident is serious, the students shall be transported to the Ruby Valley Hospital emergency room by Sheridan School personnel.

EXPENSE REIMBURSEMENTS (POLICY 7336)

District personnel and officials who incur expenses in carrying out their authorized duties shall be reimbursed by the district upon submission of a properly filled out and approved expense report and such supporting receipts as required by the administration. Such expenses may be approved and incurred in line with budgetary allocations for the specific type of expense. Expense reports must be submitted to the business manager within one month after the obligation of the expense in order for reimbursement to be made.

Anyone who makes a trip where expenses are to be reimbursed by the district must have the approval of the administration prior to making the trip in order to be reimbursed. The number of miles reimbursed will be determined by the official mileage chart that is maintained in the office of the superintendent. Deviations from this official mileage chart may only be made when unusual traveling or lodging conditions occurred during the trip, and with the concurrence of the superintendent.

When official travel by personally owned vehicle has been authorized, mileage payment shall be made at the rate set by the Sheridan Board of Trustees. This rate will be adjusted annually.

TELEPHONE

There are phones in all of the classrooms. Please do not use the phones during class time unless it is for emergency purposes. Secretaries will be instructed to not transfer any calls during instructional time unless it is an emergency. Check your messages between classes or during your prep period. **Students are not to be dismissed from any class to use the telephone, unless an emergency should arise.**

DRESS

Faculty members are asked to dress in a professional manner.

HALL / NOON DUTY

Each teacher will be expected to be responsible for his/her share of hall/noon duty. Elementary teachers are expected to assist their class through the lunch line and get them settled at the table before eating their own lunch.

Each teacher is expected to supervise the hall in the vicinity of his/her classroom between classes, before and after school. Keep students moving and orderly. Students are not to loiter in the halls during school time. Teachers are to keep their rooms locked when not occupied.

ENROLLMENT OR WITHDRAWAL

Upon approval of the principal, all K-12 students will enroll and withdraw through the secretary of the corresponding school. **THE BUILDING PRINCIPAL WILL APPROVE A WITHDRAWAL FROM INFINITE CAMPUS.** Withdrawal shall be done during regular class period. In the case of an emergency, the office will assist the student with checkout. Students must return all books; pay all fines and other charges. If books are returned in good condition and no fines are due, the teacher will indicate this by placing the student's grade on the withdrawal slip. If other conditions exist, do not place his or her grade on the slip and give the reason. The student should report to the Office with his withdrawal slip at the beginning of the seventh period to be officially withdrawn. The student will pick up the "Student Check-Out" form from the school office.

MAIL BOXES

Please check your mailbox for messages and remove all materials from it daily.

LESSON PLANS (POLICY 2123)

All teachers must complete lesson plans. Non-tenured teachers must discuss with their principal the plan for reviewing lesson plans together. Lesson plans must list assignments and activities to enable a substitute teacher to cover the lesson. Lesson plans must be kept in a place where they are easily accessible for substitutes and administrators

EQUIPMENT

The removal of any equipment from the school must be approved through the superintendent's office.

CLASSROOM

Please see that your classroom is left in good order at the end of each day. See that the windows are shut, that the lights are off and that the door is locked. **The floors should be clean of all books and debris. No one should let a student into another teachers locked room.**

PUBLIC DISPLAYS OF AFFECTION (PDA)

Teachers are cautioned regarding inappropriate displays of affection with others while on duty. (Touching, holding hands, etc.) Public Displays of affection which are inappropriate may be grounds for disciplinary action.

STUDENT DISCIPLINE (POLICIES 3300, 3310)

School Law 20-5-201, states that pupils shall: “Comply with the policies of the trustees and the rules of the school which he attends; pursue the required course of instruction; submit to the authority of the teachers, principal and district superintendent of the district; and be subject to the control and authority of the teachers, principal and district superintendent while he is in school or on school premises, on his way to and from school, or during his intermission or recess. Any pupil who continually and willfully disobeys the provisions of this section, shows open defiance of the authority vested in school personnel by this section, defaces or damages any school building, school grounds, furniture, equipment, book belonging to the district, or harms or threatens to harm another person or his property shall be liable for punishment, suspension or expulsion under the provisions of this title. When a pupil defaces or damages school property as defined above, his parent or guardian shall be liable for the cost of repair or replacement upon the complaint of the teacher, principal, superintendent, or any trustee and the proof of such damage.”

Classroom discipline is basically the teacher’s responsibility. Please confer with the principal or superintendent on persistent problems. When a teacher brings charges against a student who is chronically defiant, it is necessary that the charges be specific and concise. As a result, it is suggested that teachers keep a written record of offenses. A good investment is to make a phone call home when the problem is small. Teachers, phone home!

There are certain fundamental principles which incorporate the elements of good discipline. The ordinary child usually does not need affection so much as he needs a sympathetic understanding of his problem and wants. Every teacher ought to have this understanding as a basis for personal guidance. One student needs encouragement, another restraint, a third appreciation, a fourth an awakened ambition. A word of caution here, of stimulus there, a warning particularly if in private, may not merely save temporary disciplinary troubles, but produce permanent results in character building. The teacher, who can cultivate such an attitude of trust on the part of his /her pupils that they will want to consult with him/her about their own troubles, has an opportunity for a type of service that is extremely gratifying. In the best controlled class, the problem of discipline is not obvious. Good discipline is a by-product when students are interested and busy.

VISITORS (POLICY 4301)

Students may bring visitors to school only with the principal's permission. Parents are always welcome, but are asked to check in through the office before visiting.

VIDEOS / MOVIES

Videos must have an educational purpose and relate to the curriculum.

- Make sure the videos have educational value and relate to the subject being taught. Be very selective of the content, character and impact the video may have on students. Videos should be appropriate, relevant and directly related to the instructional program.
- Always preview the video to ensure it is appropriate to show to students.
- With the limited amount of instructional days provided, the use of videos should not be a major tool of instruction. Consider using portions of the video which would best reinforce a subject theme which was taught using traditional methods.
- **All videos not part of the school based media collections must be approved by the superintendent or principal at least three days in advance.**

CORPORAL PUNISHMENT (POLICY 3310)

By statute, Corporal punishment is no longer allowed in schools in the State of Montana.

HOLDING BUS STUDENTS AFTER SCHOOL

In view of the fact that we have a large number of students who ride buses, it is imperative that before you keep a bus student after school, for any reason, you must check their status with respect to transportation through the office. When, in fact, students are assigned detention, they are to be given one night to make proper arrangements.

STUDENT DISMISSAL PRECAUTIONS

No staff member shall excuse any pupil from school prior to the end of the school day, or into any person's custody, without the direct prior approval and knowledge of the building principal. The building principal shall not excuse a pupil before the end of the school day without a request for the early dismissal by the student's parents. Telephone requests for early dismissal of a pupil shall be honored only if the caller can be positively identified as the pupil's parent or guardian.

As a general rule, students may not leave school to go home due to illness unless it can be established that some relative of the student is at home to care for him/her. Additional precautions shall be taken by the school administration appropriate to the age of students, and as needs arise. All students must check in our out of school through the school office.

PUPIL PROGRESS AND REFERRAL

Teachers are expected to intervene when a student is struggling in their class. Call parents and setting up additional tutoring time before and after school are the norm. If a student continues to struggle after these interventions, the teacher should ask the counselor to set up a student assistant team meeting (SAT). The student will be placed on a Response to Intervention cycle using the classroom and Title I teacher to further assist the student. Only after intensive intervention will a student be referred to special education using the referral form found on the special education teacher's website.

PROMOTION AND RETENTION OF STUDENTS (POLICY 2421)

A student's achievement of the skills for the grade to which he is assigned and his readiness for work at the next grade level shall be required before he is assigned to the higher grade. Those students who have mastered the appropriate skills will be promoted and those who have not will be recommended for retention. Such retention may be considered when:

- The child is in grades K-6.
- The child is achieving significantly below ability and grade level.
- Retention would not cause an undue social and emotional adjustment.
- Retention would have a reasonable chance of benefiting the child totally.

Whenever such retention is being considered, the teacher shall confer with the principal. This should be done before the end of the third 9-week grading period. The principal shall call a meeting of the parents, the teacher, and the counselor to explain the child's current academic standing in relationship to the group and his or her own individual ability. If significant improvement is not noted in the child's academic performance, the principal and the teacher shall make the final decision on retention of the student. Only in unusual circumstances should a child be retained more than once.

Middle School Promotion Requirements – A student that fails more than one class may be considered for retention. A team of staff, parent, and administration will review all facts and make a recommendation to the superintendent.

PREGNANT AND MARRIED STUDENTS

Marital, maternal, or parental status shall not affect the rights and privileges of students to receive a public education nor to take part in any extracurricular activity offered by the school. Pregnant students shall be permitted to continue in school in all instances when continued attendance has the sanction of the expectant mother's physician. The physician's approval of this continued attendance must be on file at the school. The school administration is authorized to make special arrangements for the instruction of pregnant students and to provide an educational program designed to meet their special needs.

EMERGENCY CLOSINGS

The superintendent is empowered to close the district schools or to dismiss them early in the event of hazardous weather or other emergencies, which threaten the health or safety of students and personnel. Such action is never to be taken lightly, for public education is one of the principal functions of the community and should be maintained at a normal level except in extreme circumstances. When this regularity of operation ceases, serious difficulties are caused and the welfare of children may be jeopardized. Schools may not properly be closed merely to avoid inconvenience. While it may be prudent, under certain circumstances, to excuse all students from attending school, to delay the opening hour, or to dismiss students early, the administration has the responsibility to see that as much of the administrative, supervisory, and operational activity is continued as may be possible.

In making the decision to close schools, the superintendent or his or her designee shall consider many factors, including the following principal ones relating to the fundamental concern for the safety and health of children:

- Weather conditions, both existing and predicted.
- Driving, traffic, and parking conditions, affecting the transportation of students
- Actual occurrence or imminent possibility of any emergency condition which would make the operation of schools difficult or dangerous.

The superintendent shall weigh these factors and shall take action to close the schools only after consultation with traffic and weather authorities, the principals, and school officials from neighboring districts. Refer to the emergency preparedness manual.

CASH IN SCHOOL BUILDINGS

Moneys collected by school employees and by student treasurers shall be handled with good and prudent business procedures. All moneys collected shall be receipted, accounted for, and directed without delay to either office for deposit. **In no case shall money be left overnight in school, except in the safe.**

PATRIOTIC EXERCISES

Montana Code Annotated requires that Montana school students recite the Pledge of Allegiance. We believe that the students of the Sheridan Schools should learn the principles of liberty and democracy expressed in the Declaration of Independence and the Bill of Rights. Further, it is felt that the salute to the flag and the daily Pledge of Allegiance help students learn these principles. In all classrooms in grades K-12, at the beginning of the first regularly scheduled class or activity period, the Pledge of Allegiance to the flag of the United States of America will be given, except when the principal will arrange for other appropriate exercises which will include the Pledge of Allegiance.

EXTRACURRICULAR GUIDELINES

For student extracurricular guidelines please see the respective student handbooks. The necessary travel forms must be filed in the office before planned trip.

SAFETY AND ACCIDENTS

Safety is everyone's responsibility. Staff is responsible for the maintenance of items in the classrooms. If you have a chair that is not safe, it is your duty to let maintenance or let the office know. **DO NOT** allow students to sit on table tops or the back of furniture. It violates safety codes. If you see an unsafe condition or situation you should bring it to the attention of a supervisor.

If you have an accident/or injury while on the job, notify the principal or the school clerk immediately.

STORAGE
